I was cordially invited by CITCSA Chairman, Mr. Nick Begekis AM today to attend the Chairman's luncheon.

In this event hosted by Mr Nick Begekis, a total of 7 other guests were invited varying from semi government bodies to different independent companies. This luncheon gave us the opportunity for an excellent exchange of business views and also the opportunities to know what other businesses are doing in South Australia.

I can see there are many opportunities that we can contact for those business body to assist our trade delegation as well as our net working function.

The luncheon was conducted in a very friendly atmosphere with many frankly open discussions.

Many thanks to CITCSA for this initiative!
